## ELEGANT DESIGN

Every M84U<sup>®</sup> is uniquely designed from the ground up. **No two models are identical**; each M84U<sup>®</sup> is as unique as its owner. **Every hair, freckle, and eyelash are placed with intention.**

Our Aesthetic Engineers work with proprietary neural networks to shape, craft, and contour a M84U's every curve with a focus on elegance, femininity, and beauty.

Our market leading **Synth-Skin<sup>®</sup>** is ultra-realistic and self-repairing<sup>^</sup>. Combined with our exclusive **GelPack<sup>®</sup>** technology, **we guarantee that you have never touched a bot this convincing.**

Everybody's taste is different and the broad range of available M84U<sup>®</sup> body types, facial templates, hairstyles, and personality presets ensure that **SHE is tailored to YOU.**

## SOCIAL & BEHAVIORAL PROWESS

Want to bring your Companion out for drinks with friends? Wanting to explore that new restaurant with someone? Hell, just looking to treat yourself and your Companion to a fancy date night out?

These things were laughable only a few generations ago, but equipped with our patented **SOCIAL EMULATION PERFORMANCE MATRIX<sup>®</sup>**, the M84U<sup>®</sup> is **quick, responsive, charismatic, and utterly convincing** in any setting.

**97%** of market testers couldn't tell apart a M84U<sup>®</sup> from a human woman in our **10 Minute In-Scenario Social Performance Assessments.**

<sup>^</sup> Self repair functionality requires purchase of **ProtHeal<sup>®</sup>**, 'Synthesized Protein Daily Chassis Scrub'

Enable her **battery-saving mode** while on long flights and car rides and she'll last even longer. Just flip her back into **full-performance mode** upon arriving at your destination and your companion will have her full suite of functions restored.

## INTIMATELY PROGRAMMED

The M84U<sup>©</sup> will rock your world.

She'll pick up on your likes and dislikes and constantly update her subroutines to maximize your enjoyment and pleasure.
